I'll reach out to Lynne and Mel, give them a little background, and our approach to the response letter. I'll suggest we have a briefing once the letter is closer to final draft.

Subject: RE: ME CMP Letter

I think Mike is out after this week (4/12 last day). I am out from 4/16 to 4/23, but I can work remotely on 1 or 2 of those days. I am back on 4/24, but I need to be in NH on 4/25 and at the Corps at 1pm on 4/26. So, I only have one day that week to work on this.

So, hopefully Mike, Tim, and I can finish up a draft of this letter by 4/15. The PN due date is 4/25. Internal coordination should happen between 4/16 and 4/24.

It may be best to have Nate and Tim take the lead on coordination with Lynne and Mel. The 24th is only day I could make it and it is one day before the comments are due (not ideal). **Nate**, perhaps you can touch base with Mel and Lynne this week to sort that out.

Mike, I know we have had some issues with OneDrive and sharepoint. So, I guess we will stick with the normal Word document unless we can figure this out quickly. I will make some more changes to the document on Tuesday morning starting at 10 am. Please pass on anything you have before then so we are always working on the latest version.

Tim, I am sorting of dragging you into most of this. If that does not work, please let us know.

Thanks, Mark
